WORK EXPERIENCE

Full-Stack developer
Dustecosystem ↗

08/2022 - 10/2022

Achievements/Tasks
- Developed a fully functional ecosystem website from scratch for an **NFT project** as a freelance full-stack developer.
- Implemented various features including **adding, deleting, and updating projects, Twitter authentication, and user voting.**
- Utilized technologies such as **NextJS, TailwindCSS, Firebase**, and NextAuth to create a feature that displays popular and upcoming projects based on **user votes.**

Frontend and Python developer
Startup

03/2021 - 05/2021

Achievements/Tasks
- Developed an Instagram post-scheduling tool that allowed users to schedule posts for **specific dates** and **times.**
- Worked on both frontend and backend using technologies such as **HTML, CSS, Python, APIs, and Flask.**
- Created a Python script that schedules Instagram posts at a specific time and date.

SKILLS

Python   Javascript   Solidity   Mongodb

ReactJS   HTML   CSS   Deep learning   Java

Hardhat   Truffle   Tailwind CSS   NextJS

Firebase

PROJECTS

- BirdApp, Full-stack Developer (08/2022 - 09/2022) ↗
  - Created a fully functional social media platform that allowed users to post, read, and interact with content in a familiar, **Twitter-like** interface using **NextJS, TailwindCSS, Firebase, and NextAuth**. implemented **client-side** and **server-side** rendering using nextjs, as well as **CRUD** functionality using Firebase.

- TragicSimpBot ,Open Source Python developer (02/2021 - 03/2021) ↗
  - Developed TragicSimp, a Discord bot that distributes **memes, quotes, jokes, and facts** to users while also monitoring their statistics and ranking them according to how active they are in a particular channel. utilized a **MongoDB** database to store and track user statistics. TragicSimp had over **500** active users. Libraries : Pymongo, Praw, Discord.py

CERTIFICATES

- Python for Everybody Specialization - Coursera (05/2020 - 06/2020) ↗

- Deep learning Specialization - Coursera (06/2020 - 08/2020) ↗

- Complete ReactJS developer bootcamp

SOFT SKILL

Project Planning and development

Time Management   Problem-solving   Teamwork
